Brother Ugolino

The Little Flowers of Saint Francis (Paraclete Heritage Edition) Brother Ugolino

These stories of St. Francis and his first followers have inspired millions of people over the centuries. Since they were first committed to paper, they were told to inspire people to become better followers of Jesus (not St. Francis). For that reason, they have endured unlike any other early Franciscan literature. Many of the stories are known to us from other biographical sources, but in some cases, here they are expanded or made more florid.

This edition of *The Little Flowers* is unique in its physical beauty as well as its editorial arrangement. For the first time, the stories have been arranged in the most likely chronological ordering of when they happened—rather than following the traditional ordering of them handed down for centuries. As a result, today's reader is now able to read *The Little Flowers* as a biographical narrative of the life of St. Francis and the world-transforming movement that he founded.
