What Do You Say After You Say Hello? The Psychology of Human Destiny M.D. Eric Berne

As a psychiatrist, Dr. Berne found that each person - under the powerful influence of his parents - writes in early childhood the script that will govern the general course of his life. What Do You Say After You Say Hello? demonstrates how life scripts get written, and how to find out what kind of script you have. If your script is a bad one, it shows you how to break out - so that you may begin at last to live a life of true freedom and fulfillment.
