Chronology of Americans and the Environment Chris J. Magoc

Covering the 17th century to the contemporary era, this chronological overview of the role of the environment provides many insights into one of the most important aspects of American history.

- Primary source accounts give a fascinating window into the ideas and experiences of those who have been instrumental in or witness to key events in U.S. environmental history
- Provides a chronology of events, key figures, ideas, and political developments that define Americans' relationship with the environment
- Includes various photographs and illustrations to accompany topics in the text
- A bibliography containing general titles, monographs, and websites provides sources for further research
