**The Forgotten Village: Tales of Misbelief (Tales from the world of the Noble Dead Saga)** Barb Hendee

Elena, now married to Cooper the barge master, has left her old life to start a new one. This seemed a wonderful change, but they both soon realize they barely know each. There are rougher waters ahead for them than those the barge will have to navigate.

When they arrive at their second-to-last stop downriver, the village there has mysteriously lost all but one of its young men. Cooper doesn't believe the survivor's wild tale of strange beings beyond a waterfall "veil." Without any truth, as he sees it, he won't risk trying to help them.

Elena has seen more than a few strange things in her life and forms a plan recover the young men before the village's harvest is lost. Unfortunately, carrying out this wild scheme may risk her new marriage as well as her freedom or her life.

## About "Tales from the world of the Noble Dead Saga"...

No knowledge of the Noble Dead Saga or related works is necessary to read and enjoy these stories. They are written for fantasy enthusiasts in general and not just our established readership. Readers new to this world can step into it through any of these short works.

Tales are organized into "collections" where all stories therein share a theme and/or premise. When one or more link together, subsequent stories will mention "sequel to..." on their covers to guide you. Even so, each is self-contained enough to be your first adventure into this world.
