Everyone loves a good thriller. Like some of the best books in that genre. Attacked! will hook you from the first page. But this is no complex tale of international intrigue or terrorist plots. Instead, it's a spellbinder with a decidedly outdoor/adventure bent, filled with gripping, real-life stories of animal attacks and human survival. Personally selected by award-winning yarn-spinner John Long, each tale of man-eating tigers, sharks, rogue elephants, bears, and other wild creatures will both terrify and amaze you.
