## Land of the Free and Home of the Brave?: Every Nation Is Dominated by Cunning, Clever and Crooked Politicians OSHO

In this talk Osho raises a critical voice about the double standards that have prevailed throughout the political history of the United States. He points to the discrepancy between the constitutional values of freedom and democracy, basic human rights and freedom of expression, which the United States has taken so much pride in, and the barbaric treatment it has given to the native people of America. The wider applications of this hypocrisy are obvious. Osho goes on to speak at length about why he condemns politicians and priests: they are in a joint conspiracy of divide and rule over the human body and soul to maintain their domination of humanity.
