Snow Mountain Passage

James D. Houston

Snow Mountain Passage James D. Houston

Snow Mountain Passage is a powerful retelling of our most dramatic pioneer story--the ordeal of the Donner Party. Through the eyes of James Frazier Reed, one of the group's leaders, and the imagined "Trail Notes" of his daughter Patty, we journey along with the ill-fated group determined, at all costs, to make it to the California territory.

James Reed is a proud, headstrong, yet devoted husband and father. As he and his family travel in the "Palace Car," a huge, specially built--and ultimately cumbersome--covered wagon, they thrill to new sights and cope with conflict and constant danger. Yet when a fight between Reed and another driver ends in death, Reed is exiled from the group and heads over the mountains alone. The fate of the other families, including Reed's wife and four children, is sealed when they set out across a new, untested route through the Sierra--their final mountain pass. Arriving at the foothills just as the snows start to fall, they are left stranded for months--starving, freezing, and battling to survive--while Reed journeys across northern California, trying desperately to find means and men for a rescue party.

An extraordinary tale of pride and redemption, *Snow Mountain Passage* is a brilliantly imagined and grippingly told story straight from American history.

*National Bestseller

From reader reviews:

Sharon Hall:

Throughout other case, little folks like to read book Snow Mountain Passage. You can choose the best book if you love reading a book. Given that we know about how is important the book Snow Mountain Passage. You can add knowledge and of course you can around the world by a book. Absolutely right, simply because from book you can know everything! From your country until foreign or abroad you will find yourself known. About simple thing until wonderful thing you can know that. In this era, we are able to open a book or searching by internet system. It is called e-book. You should use it when you feel fed up to go to the library. Let's study.

Willie Alford:

Book will be written, printed, or outlined for everything. You can realize everything you want by a guide. Book has a different type. We all know that that book is important thing to bring us around the world. Next to that you can your reading expertise was fluently. A book Snow Mountain Passage will make you to be smarter. You can feel considerably more confidence if you can know about every thing. But some of you think which open or reading the book make you bored. It's not make you fun. Why they can be thought like that? Have you seeking best book or suitable book with you?

David Clark:

Nowadays reading books become more than want or need but also work as a life style. This reading addiction give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book in which improve your knowledge and information. The details you get based on what kind of guide you read, if you want get more knowledge just go with schooling books but if you want truly feel happy read one along with theme for entertaining such as comic or novel. The Snow Mountain Passage is kind of guide which is giving the reader unforeseen experience.

Elbert Lupton:

This Snow Mountain Passage is great e-book for you because the content which is full of information for you who all always deal with world and have to make decision every minute. That book reveal it data accurately using great manage word or we can declare no rambling sentences included. So if you are read the item hurriedly you can have whole details in it. Doesn't mean it only gives you straight forward sentences but challenging core information with wonderful delivering sentences. Having Snow Mountain Passage in your hand like keeping the world in your arm, data in it is not ridiculous one particular. We can say that no reserve that offer you world with ten or fifteen moment right but this book already do that. So , this is good reading book. Hey there Mr. and Mrs. hectic do you still doubt that?
