The Fungus

Roy Kettle, Harry Adam Knight

The Fungus Roy Kettle, Harry Adam Knight

A brilliant London scientist breaks a genetic code that will end world hunger, but something goes terribly wrong in the lab and a plague is released upon Great Britain. The lucky ones die quickly, gruesomely consumed by a ravenous fungus, but others survive and are transformed into something . . . different. London is cut off from the rest of the world by encircling warplanes bent on stopping the spread of the deadly mutation by any means possible. Only a last-ditch suicide mission, a descent into the microbial hell of ground zero, can save mankind from its own invention. With its breakneck pace and razor-sharp wit, THE FUNGUS is a horrific tour de force that also happens to be tremendously fun to read. A cult favorite since it was first published in the mid-eighties, this reissue includes a new introduction by the author and contains the hilarious HAK Letters as an addendum. Illustrated with electron microscope imagery. What the critics say: “THE FUNGUS is excellently bizarre. I loved it and you find it grows on you” —Brian Aldiss “Loud, scary, sick fun. You will never again go near mushroom soup” —Kirkus Review “A first-rate and vivid thriller” —Publishers Weekly “A spectacularly gruesome nasty, written with inventiveness, grisly wit, and considerably more intelligence than almost any of its competitors” —Ramsey Campbell “It grabs, it’s real and it keeps you reading. Taut, surprising, gripping” —Science Fiction Review

From reader reviews:

Shawn Macdonald:

Book is to be different per grade. Book for children right up until adult are different content. As we know that book is very important for us. The book The Fungus has been making you to know about other knowledge and of course you can take more information. It is very advantages for you. The book The Fungus is not only giving you much more new information but also to get your friend when you sense bored. You can spend your personal spend time to read your book. Try to make relationship with the book The Fungus. You never truly feel lose out for everything should you read some books.

Evelyn Blow:

Information is provisions for anyone to get better life, information today can get by anyone on everywhere. The information can be a know-how or any news even an issue. What people must be consider when those information which is inside former life are hard to be find than now is taking seriously which one works to believe or which one often the resource are convinced. If you get the unstable resource then you have it as your main information we will see huge disadvantage for you. All of those possibilities will not happen within you if you take The Fungus as your daily resource information.

Mary Olive:

A lot of people always spent all their free time to vacation as well as go to the outside with them loved ones or their friend. Were you aware? Many a lot of people spent they will free time just watching TV, or maybe playing video games all day long. If you need to try to find a new activity that is look different you can read some sort of book. It is really fun for yourself. If you enjoy the book which you read you can spent the whole day to reading a reserve. The book The Fungus it is rather good to read. There are a lot of those who recommended this book. They were enjoying reading this book. In the event you did not have enough space to deliver this book you can buy typically the e-book. You can m0ore easily to read this book out of your smart phone. The price is not to fund but this book has high quality.

William Hickman:

The book untitled The Fungus contain a lot of information on the item. The writer explains the girl idea with easy way. The language is very clear to see all the people, so do not really worry, you can easy to read it. The book was written by famous author. The author will bring you in the new era of literary works.
