What is ID? Why is it controversial? Intelligent design is surrounded by a storm of debate. Proponents and opponents have both sought to have their voices heard above the din. Is it unscientific? Is it a danger to real Christian faith? Is it trying to smuggle God into the classroom? Controversy can create confusion rather than clarity. So here to clear things up is Bill Dembski, one of the founders of intelligent design, who joins with Jonathan Witt to answer these questions and more. They plainly lay out just what intelligent design is and is not. They answer objections with straight talk that is down to earth. You'll be surprised at how often smart people have misrepresented ID. You might be surprised to see exactly how they respond to what turns out to be misleading arguments. Here is the book to make you intelligent about the whole fuss!
