Methods, Strategies, and Elementary Content for Beating AEPA, FTCE, ICTS, MSAT, MTEL, MTTC, NMTA, NYSTCE, OSAT, PLACE, PRAXIS, and TEXES Chris Nicholas Boosalis

This resource helps teachers pass the required elementary subject exams for earning a teaching credential.

Because passing these tests is now required in many states, this book has been designed to address the essential time-management methods, essay and multiple-choice strategies, and content that test takers must master in order to pass any section of the exam. Unlike other preparation books, this one does not simply offer a copy of MSAT materials. Instead, the content, constructed-response and multiple-choice strategies, and special time-management models for the tests are all research based and tailored to cover each domain and content area of any of the exams.

Addresses each of the content areas from elementary education: language arts, history and social studies, science, mathematics, and as well as the humanities, including P.E., health, child development, and the arts.
