## **The Axion Esti (Pitt Poetry Series)** Odysseus Elytis

*The Axion Esti* is probably the most widely read volume of verse to have appeared in Greece since World War II and remains a classic today. Those who follow the music of Greek composer Mikis Theodorakis have been especially drawn to Odysseus Elytis's work, his prose is widely considered a mirror to the revolutionary music of Theodorakis. The "autobiographical" elements are constantly colored by allusion to the history of Greece, thus, the poems express a contemporary consciousness fully resonant with those echoes of the past that have served most to shape the modern Greek experience.
