Landlords (The Travels of Latham Cole Book 1) Daniel J. Gyure

Reality is coming undone. Dimensions collide together and meld. Natural and scientific laws no longer hold sway. Entire worlds blink from the sky. All of existence is in jeopardy from what many call the Weyrd, and no one knows how to save it.

Latham Cole isn't trying to save anything. A stranger to all lands, he's been called a renegade by some, a villain and a savior by others. Some rumors even label him a legendary westard, the "western wizards" of old. But Latham just keeps his eyes forward, on his own redemptive quest, just trying to stay one step ahead of the annihilation dogging his heels. Until his travels bring him to the small mountain town of Achilles Roost, a sad burg with an even sadder population.

Only it's not what it seems. A Landlord, the gigantic, ancient birdgod of this land, has been circling the mountain for weeks--and its loud, soul-splitting cries are angry. What's more, the leader of the town, an enigmatic man named Charles Chastain, has taken to calling himself Landlord--an act both sacrilegious and insane. But the longer Latham stays in the Roost, the more he learns the man's dark secrets may have given him the right to call himself a god.

Reality is falling apart, and no person nor land nor god is safe. Hell won't be the worst thing standing in Latham's way.

The Weyrd is coming.
