Landscapes of Globalization: Human Geographies of Economic Change in the Philippines (Routledge Pacific Rim Geographies)

Philip F. Kelly

Landscapes of Globalization: Human Geographies of Economic Change in the Philippines (Routledge Pacific Rim Geographies) Philip F. Kelly

In this critical and sophisticated analysis, Philip F. Kelly challenges the conventional definition of globalization as an irresistible and inevitable force to which societies must succumb. By tracing the consequences of global economic integration in the Philippines, he argues that global processes are constituted, accommodated, mediated and resisted in social processes at multiple scales, from the national economy to the village and the household.
