Narrow frames and borders are particularly valued by graphic artists and designers not only for their elegant look but also for the maximum amount of interior space they allow for copy and illustration. This collection presents a dazzling array of 24 full-page and 16 half-page designs — all carefully chosen from varied sources and selected as the most attractive and effective. Included are many traditional borders in popular and distinctive styles, among them classical floral and foliate patterns. To facilitate layout and centering of copy, the borders are printed on nonreproducing blue grids. The grids disappear when photographed, yielding professional-looking results every time.
