The Oxford Handbook of British Philosophy in the Eighteenth Century (Oxford Handbooks)

The Oxford Handbook of British Philosophy in the Eighteenth Century (Oxford Handbooks)

Philosophy in eighteenth-century Britain was diverse, vibrant, and sophisticated. This was the age of Hume and Berkeley and Reid, of Hutcheson and Kames and Smith, of Ferguson and Burke and Wollstonecraft. Important and influential works were published in every area of philosophy, from the theory of vision to theories of political resistance, from the philosophy of language to accounts of ways of governing the passions. The philosophers of eighteenth-century Britain were enormously influential, in France, in Italy, in Germany, and in America. Their ideas and arguments remain a powerful presence in philosophy three centuries later.

This Oxford Handbook is the first book ever to provide comprehensive coverage of the full range of philosophical writing in Britain in the eighteenth century. It provides accounts of the writings of all the major figures, but also puts those figures in the context provided by a host of writers less well known today. The book has five principal sections: 'Logic and Metaphysics', 'The Passions', 'Morals', 'Criticism', and 'Politics'. Each section comprises four chapters, providing detailed coverage of all of the important aspects of its subject matter. There is also an introductory section, with chapters on the general character of philosophizing in eighteenth-century Britain, and a concluding section on the important question of the relation at this time between philosophy and religion.

The authors of the chapters are experts in their fields. They include philosophers, historians, political theorists, and literary critics, and they teach in colleges and universities in Britain, in Europe, and in North America.

Jessie Davis:

As a university student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or make summary for some guide, they are complained. Just little students that has reading's heart and soul or real their pastime. They just do what the educator want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that examining is not important, boring and can't see colorful photographs on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this The Oxford Handbook of British Philosophy in the Eighteenth Century (Oxford

Handbooks) can make you sense more interested to read.
