Dreams Really Do Come True Cherryl Holliday

'Dreams Really Do Come True' a true story, is a light-hearted and sometimes serious collection of escapades that chart the journey to the fulfilment of Cherryl and Ian's dream.

The dream? Not an original one by any means; to live on a narrowboat and explore the English canal system. Having champagne taste and beer money, a fully-fitted narrowboat was unaffordable. They had to draw on common sense and sheer tenacity to turn the dream into reality when they bought a 'project boat' that looked like a long grey battleship, and fitted her out over a period of time – not without its ups and downs.

The diagnosis of cancer and subsequent treatment threatened to turn the dream into a nightmare but patience and persistence won the day and galvanised the two into taking to the water sooner rather than later.
