Proven Strategies For Short Term Trading Andrew Gibbs

Short term swing trading is perhaps the most difficult style of trading, yet it can also be the most profitable if correctly executed.

This eBook is intended to offer the recipient a number of short term trading methods that can be utilized for trading a wide range of financial instruments. The emphasis in this eBook is on the S&P 500 E-mini and other US stock index futures but the methods will work on other futures and on many stocks. It is necessary to thoroughly test each method on each instrument before commencing to trade.

In this eBook we outline several different price, inter-market, fundamental and seasonal patterns that deliver successful trading opportunities. Each of the trading setups we present also come with the historical performance for that particular method in order to give you an idea of the probability of trading success. The methods we outline are the basis of several trading systems that Strategic Capital Management offers to investors.
