Pragmatic Project Management: Five Scalable Steps to Success David Pratt

Scale Your Project Management Efforts to Maximize Success!

One size does not fit all in project management. Selecting an approach that is appropriate for the size and complexity of a project is essential to achieving success. Over-managing a small project can bog it down in bureaucracy, while a laid-back approach can lead to disaster on a complex project.

Pragmatic Project Management: Five Scalable Steps to Success will help you select the methodologies and tools that will enable you to expend minimum effort to achieve maximum gain on your project. This clearly written guide lays the groundwork with a chapter on project sizing and management scaling and follows with chapters on each of the five essential elements of pragmatic project management:

The project charter

The project team

The project plan

Project issue management

Project status tracking and reporting

Practical tips and a checklist are included at the end of each chapter. Use the checklists as you plan and execute your project to keep it on track and to scale.

About the Author

David Pratt, PMP, is principal of DHP Project Services, an IT project management consulting firm. He has more than 20 years experience managing projects of all types and sizes in both the public and private sectors. He currently teaches project management at the South Puget Sound Community College in Lacey, Washington, where he helped design the project management certificate program.

This Pragmatic Project Management: Five Scalable Steps to Success having excellent arrangement in word as well as layout, so you will not really feel uninterested in reading.

Julie Slocum:

As a pupil exactly feel bored to help reading. If their teacher questioned them to go to the library in order to make summary for some book, they are complained. Just minor students that has reading's heart and soul or real their pastime. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that reading through is not important, boring along with can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach

Chinese's country. Therefore , this Pragmatic Project Management: Five Scalable Steps to Success can make you really feel more interested to read.
