How Europe Underdeveloped Africa

Walter Rodney

How Europe Underdeveloped Africa Walter Rodney

Before a bomb ended his life in the summer of 1980, Walter Rodney had created a powerful legacy. This pivotal work, *How Europe Underdeveloped Africa*, had already brought a new perspective to the question of underdevelopment in Africa. His Marxist analysis went far beyond the heretofore accepted approach in the study of Third World underdevelopment. *How Europe Underdeveloped Africa* is an excellent introductory study for the student who wishes to better understand the dynamics of Africa's contemporary relations with the West.
