School District Master Planning: The Teaching Supplement Kelley D. Carey

School District Master Planning: The Teaching Supplement—a guide to the book of the same name—is designed for instructors of graduate level courses in school district demographics and facilities planning, as well as for school district administrators in need of a practical reference text. Discussing solutions to the main text's case situations and discussion questions, this supplement will enrich class discussions on school building programming and planning. Focusing on likely decision making paths, *The Teaching Supplement* explains an administrator's role from the beginning planning stages, to solving issues that have developed in real-life situations, and finally to a project's completion. Offering a variety of effective problem solving strategies to accompany the many helpful checklists in the main book, this book thoughtfully marries the main text, providing real-life examples of- and applications to school planning.

Be sure to take a look at *School District Master Planning: A Practical Guide to Demographics and Facilities Planning*, the companion guide to this teaching supplement.
