The Economy of Early America: Historical Perspectives and New Directions

The Economy of Early America: Historical Perspectives and New Directions

In recent years, scholars in a number of disciplines have focused their attention on understanding the early American economy. The result has been an outpouring of scholarship, some of it dramatically revising older methodologies and findings, and some of it charting entirely new territory—new subjects, new places, and new arenas of study that might not have been considered “economic” in the past.

The Economy of Early America enters this resurgent discussion of the early American economy by showcasing the work of leading scholars who represent a spectrum of historiographical and methodological viewpoints. Contributors include David Hancock, Russell Menard, Lorena Walsh, Christopher Tomlins, David Waldstreicher, Terry Bouton, Brooke Hunter, Daniel Dupre, John Majewski, Donna Rilling, and Seth Rockman, as well as Cathy Matson.
