Reading Romantic Poetry introduces the major themes and preoccupations, and the key poems and players of a period convulsed by revolution, prolonged warfare and political crisis.

- Provides a clear, lively introduction to Romantic Poetry, backed by academic research and marked by its accessibility to students with little prior experience of poetry
- Introduces many of the major topics of the age, from politics to publishing, from slavery to sociability, from Milton to the mind of man
- Encourages direct responses to poems by opening up different aspects of the literature and fresh approaches to reading
- Discusses the poets' own reading and experience of being read, as well as analysis of the sounds of key poems and the look of the poem on the page
- Deepens understanding of poems through awareness of their literary, historical, political and personal contexts
- Includes the major poets of the period, Blake, Wordsworth, Coleridge, Byron, Shelley, Keats, Burns and Clare —as well as a host of less familiar writers, including women
