Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, how they need it, so that your class time is more engaging and effective.

Appropriate for the mixed/non-major/allied health student, this text carefully and clearly explains microbiology, providing a strong foundation in the fundamental concepts. With its concise and readable style, *Microbiology: A Human Perspective* offers coverage of the most current concepts, including recent advances in immunology and genomics, while also ensuring that students have the knowledge and mastery of the fundamentals necessary to understand the advances of the future. A body systems approach is used in the coverage of diseases.

Users who purchase Connect receive access to the full online ebook version of the textbook.
