Self on Audio

Douglas Self

Self on Audio Douglas Self

Douglas Self has been writing for Electronics World and Wireless World over the past 20 years, offering cutting-edge insights into scientific methods of electronics design.

This book is a collection of the essential Electronics World articles, covering twenty years of amplifier technology but with a very strong bias towards more recent material. The articles include self-build projects as well as design ideas and guidance for the professional audio designer. The result is a unique collection of design insights and projects - essential for all audio designers, whether amateur or professional.

Douglas Self has dedicated himself to demystifying amplifier design and establishing empirical design techniques based on electronic design principles and experimental data. His rigorous and thoroughly practical approach has established him as a leading authority on amplifier design.

The cream of 20 years of Electronics World articles (focusing on recent material)

A unique collection of design insights and projects - essential for all audio designers, amateur and professional alike.

Scientific electronics based on empirical data

From reader reviews:

Mildred Patton:

Do you have favorite book? Should you have, what is your favorite's book? E-book is very important thing for us to find out everything in the world. Each book has different aim or maybe goal; it means that book has different type. Some people truly feel enjoy to spend their time for you to read a book. They may be reading whatever they take because their hobby is actually reading a book. Why not the person who don't like examining a book? Sometime, person feel need book if they found difficult problem or exercise. Well, probably you should have this Self on Audio.

Amy Davis:

Information is provisions for people to get better life, information these days can get by anyone from everywhere. The information can be a knowledge or any news even a concern. What people must be consider while those information which is within the former life are difficult to be find than now could be taking seriously which one would work to believe or which one the actual resource are convinced. If you receive the unstable resource then you understand it as your main information there will be huge disadvantage for you. All of those possibilities will not happen inside you if you take Self on Audio as the daily resource information.

Tim Andrus:

Typically the book Self on Audio will bring you to the new experience of reading any book. The author style to clarify the idea is very unique. Should you try to find new book to see, this book very appropriate to you. The book Self on Audio is much recommended to you to study. You can also get the e-book from your official web site, so you can quicker to read the book.

Sheila Messina:

This Self on Audio is great book for you because the content and that is full of information for you who have always deal with world and have to make decision every minute. This book reveal it data accurately using great organize word or we can say no rambling sentences included. So if you are read that hurriedly you can have whole info in it. Doesn't mean it only provides straight forward sentences but difficult core information with beautiful delivering sentences. Having Self on Audio in your hand like obtaining the world in your arm, info in it is not ridiculous just one. We can say that no e-book that offer you world in ten or fifteen minute right but this guide already do that. So , this really is good reading book. Hey Mr. and Mrs. active do you still doubt that?
